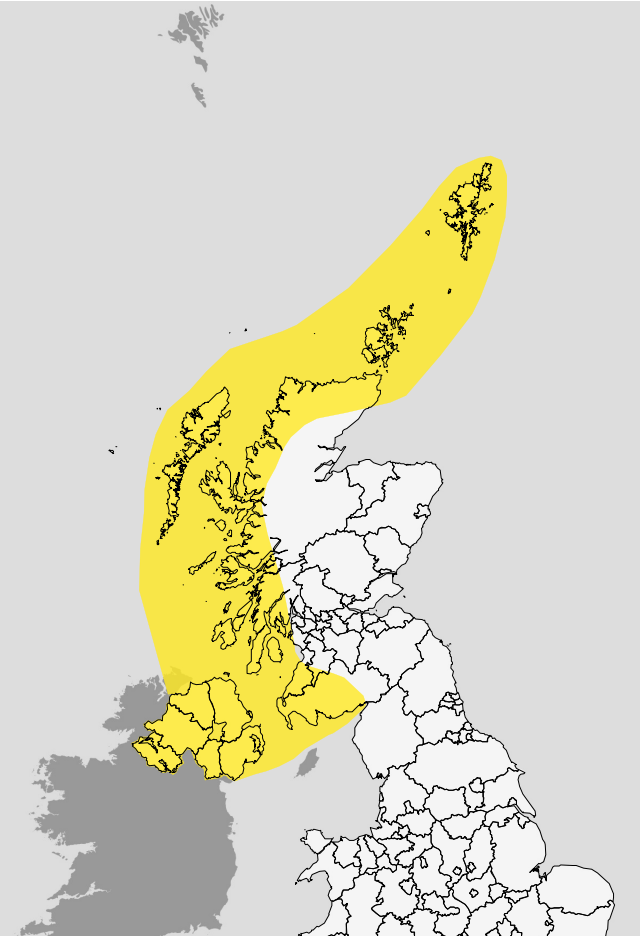
Yellow warning
Ice

Between
17:00 Wed 30 Jan 2019 and
11:00 Thu 31 Jan 2019



Ice and wintry showers continue across parts of Scotland and Northern Ireland.

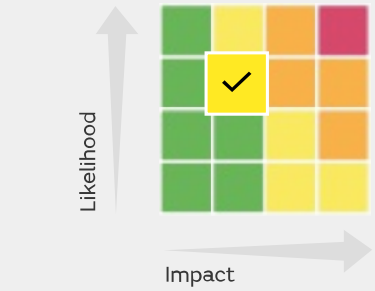
What to expect

- Some injuries from slips and falls on icy surfaces
- Probably some ice on some untreated roads, pavements and cycle paths

Further details

Northwest Scotland, Northern and Western Isles will see further wintry showers, these falling onto frozen surfaces with ice readily forming on untreated surfaces. In addition small accumulations of snow are possible in places.

Icy patches will readily form this evening across Northern Ireland and Southwest Scotland, as melting snow re-freezes. Isolated wintry showers are possible this evening and overnight, these becoming more frequent on Thursday morning with ice forming on untreated surfaces.



Medium likelihood of low impacts

Issued at 10:38 Wed 30 Jan, 2019
